U.S. INTERNSHIP OPPORTUNITY

We can offer you:

- A 6-month paid internship in the U.S. ($1200.00 bi-weekly)
  - January – July (application period: September 01 – October 15)
  - June – December (application period: February 15 – March 31)
- Opportunities to prototype product ideas and industry solutions with cutting-edge technologies
- Experience in researching and developing practical software engineering tools and techniques
- Chances to apply industry best practices in software development, security, and engineering
- Ability to contribute to mission-critical projects (e.g., NASA) and systems in fields such as:
  - Aerospace
  - Automotive
  - Medical
- A location that is close to Washington, DC, and the University of Maryland

We expect from you:

- Enrollment as a current student (undergraduate, masters, or doctoral) in Computer Science or related field
- Strong programming skills—knowledge of mobile and web development a plus
- Motivation to continuously perform, learn, and improve

The Fraunhofer USA Inc, Center Mid Atlantic Software Engineering Division (CMA-SE) is a non-profit applied research and technology transfer organization affiliated with the University of Maryland. CMA-SE is part of Fraunhofer USA, Inc., and affiliated with the Fraunhofer-Gesellschaft family, and conducts joint research with the University of Maryland. Our mission is to advance real-world software practicesvia empirically validated research into software engineering technologies and processes.
